I'm heading out in a bit to collect the 3 canisters we deployed yesterday. I hope to be back around noon. Hope that works.

Hi Jenia,
Please see attached for updated sampling map. Let me know if we need to change anything else.

Thanks,
Doris

Jenia,

Attached is the site list with lat/longs. You will see 9 sites because we have installed tripods at all 9 locations but will, at least initially, be monitoring at the first 8 sites. I'm here for a bit longer. Let me know if you need anything further.

Subject: QAPP Status

The QAPP is almost ready for signatures. We are waiting for updated sampling site information so we can update the map and table, as well as approval from upper management on the objectives statement. If possible, please take your computers home so you can digitally sign the document once it's finalized. Hopefully this will happen this evening, but it may not be until sometime this weekend.

My plan is to convert it to a pdf and have everyone sign it digitally.

Please let me know if you have any questions.
